

MEMORANDUM

TO: Valued STAR and CHIP Providers

FROM: El Paso Health

DATE: 4/25/2024

RE: Vaccine Services Procedure Code 90623 is Now Available Through TVFC
Effective April 1, 2024

Effective for dates of service on or after April 1, 2024, vaccine services procedure code 90623 is now available through the Texas Vaccines for Children (TVFC) program for clients who are 10 years through 18 years of age.

Note: Procedure codes for vaccines distributed by the Texas Vaccines for Children Program are processed as Informational on Texas Medicaid fee-for-service claims for clients who are 18 years of age or younger. However, these procedure codes are reported with the procedure code for the administration of the vaccine, which allows the provider to be reimbursed for the administration service.

El Paso Health will reprocess affected claims submitted with this procedure code and date of service on or after April 1, 2024. Providers are not required to appeal the claims unless they are denied for additional reasons after the claims reprocessing is complete. Providers may bill El Paso Health retroactively for procedure code 96372.

If you have any questions regarding this communication please contact our Provider Relations team at 915-532-3778 or email us at ProviderRelationsDG@elpasohealth.com.
